LIBRARIAN'S REPORT

The Epsom Public library had a very successful year. Circulation was on the increase and the children are using the library more each year. Many persons are using the town histories and old articles on towns for their own interest.

The Bookmobile was at the library three times this year with the number of books borrowed for circulation increasing each time. Many books were acquired for children and teachers for their studies during the year.

The shut-in service has continued again this year with Mrs. Ellen Eppelsheimer distributing the books to shut-ins for their reading enjoyment. If there are others in town that would like to partake of this service, they may contact the librarian for arrangements to be called upon.

Many books and some subscriptions to magazines have been given to the library for circulation and these have been used to good advantage.

The library has been opened on occasions for teachers to use and has been open at various times for classes to visit and enjoy the services of the library.

During the year a new furnace has been installed at the library and the heat is much more adequate this year, new glass over the front door has been replaced, new steps at the entrance have been replaced and flood lights at the corner of the library now light the library parking lot for the convenience of the public, and a telephone has been installed with number same as Town Hall, as this is an extension of the Town Hall. It might be mentioned at this time that the book bank on the front porch has been used to full advantage and has proven a decided asset to the improved condition of returned books.

During the summer months the library was open one evening of the week but because of the poor usage it was

discontinued throughout the winter months. Until such time as it is taken advantage of more efficiently, the library hours will be from 2 to 5 P.M. on Saturday each week.

At this time, the librarian and trustees would like to thank Mr. Robert E. Cutter for helping very much in having the library grounds plowed and sanded during the winter months,

It might be mentioned and thanks given to the Epsom Garden Club for the large selection of iris and bulbs donated a year ago. The blooms were beautiful the past spring and many favorable comments passed on the beauty of the bed at the edge of the lawn.

Mrs. Gertrude Stevens, Miss Vickie Yeaton and Miss Anita Fife have been a great help in keeping the circulation flowing as efficiently as it has during the past year. Thank you all.

This is your library and any suggestions to the improvements of better serving you, the public, is welcomed by the librarian and the trustees.

Respectfully submitted,

PARK COMMISSION REPORT

Because of wind damage the 1971 spring clean up program involved more work than usual. Several fallen trees and a large amount of broken limbs had to be cleaned up and removed from the park.

Appreciations are extended to the Boy Scouts and other young people who assisted in this clean up program. We also wish to thank Mr. Boucher for furnishing water for park use.

We welcome all town residents and organizations to use the park as often as they desire for picnics, family games and outings. For large outings please check with the park commissioners for open dates.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong dry hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellar-holes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947; nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand — a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them **dead out** when leaving.
4. **Most Important** — Instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year — 1971 was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

Number of fires reported and acres burned — 1971 season:

STATE	463 fires	160 acres
DISTRICT	106 fires	61½ acres
TOWN	2 fires	½ acres

**BOARD OF SELECTMEN
& BUDGET COMMITTEES**

Gentlemen:

We of the Center Barnstead Fire Department urgently request the town of Epsom to raise the sum of \$2,300, this being your share of the expense (total of \$15,000) for the hiring of two men for the ensuing year to operate our ambulance during the daytime hours. The rest of the 24-hour period will still be covered by our volunteer firemen without pay.

We will continue to maintain our ambulance by the voluntary contribution method we have used the past twelve years.

The above figure arrived at by using the year-round population in the seven towns we served computed at \$1.50 per person per year.

Sincerely,

WARREN E. RILEY

Chief

REPORT OF HEALTH OFFICER FOR YEAR 1971

It has come that time of year again to report to the residents of Epsom that nuisances are ever increasing because some seem to refuse to clean up in areas where they are responsible.

It is also noticeable the amount of rubbish that is deposited along the highways and where dumping is not permitted. There are always complaints about these areas.

I would hope that in trailer parks where there are many septic systems that more attention will be paid to their condition.

All of these items are not only under the supervision of State personnel, but it still is the responsibility of the local Health Officer to see that these conditions are rectified, with ever increasing attention being paid to pollution. I would suggest that each individual make an effort to help.

Any person having spillage onto another person's lands, should make corrections at once.

Respectfully submitted,

CLARENCE S. BARTLETT,
Health Officer

APPROPRIATIONS FOR CONCORD HOSPITAL

January 4, 1972

Chairman
Board of Selectmen
Epsom, New Hampshire 03234

Dear Sir:

The Trustees of Concord Hospital are again requesting appropriations from the City of Concord and the towns served by the Hospital.

So that you may be fully informed concerning the Hospital's operations during the past year, we are enclosing a copy of its annual report for the fiscal year ended September 30, 1971. As you know, a multi-million dollar construction project was launched during the year to provide sorely needed facilities for Emergency, X-ray, Laboratory, Intensive Care, Coronary Care, and other services. This expansion, with the exception of equipment and furnishings, is being financed by the sale of tax-free bonds, rather than by the previously traditional building fund campaign. On the advice of its fiscal consultants, the Hospital has established a rate schedule which, together with unrestricted endowment income, will generate sufficient revenue, above operating cost, to purchase \$500,000 worth of equipment for the new facilities and to take care of bond expenses. The \$284,000 'bottom line' figures on the Statement of Income and Expense will be applied for this purpose.

As in the past, our appropriation request is based upon net unpaid services (Charity Care) given to patients during the year just ended. 2.2% of the patients treated at Concord Hospital last year were residents of Epsom. Using this percentage figure, your town's share of the hospital's net unpaid charity services is \$516.00. We

respectfully request favorable action on this appropriation.

A Hospital representative would appreciate the opportunity to appear before your Budget Committee to discuss and explain this appropriation request. If you will give us a convenient date and time, we will arrange to have a representative meet with you.

Health services at Concord Hospital are available to all residents of Epsom. The continued financial support of your community is needed and appreciated.

Sincerely yours,

J. RICHARD JACKMAN

President

Concord Hospital Board of Trustees

AUDITOR'S REPORT

September 19, 1971

Epsom, N. H.

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the Treasurer of Epsom School District for the year ending June 30, 1971, and find them correct in all respects.

SUE V. BICKFORD,

Auditor

ASSISTANT SUPERINTENDENT'S REPORT

It is with pleasure, but also some hesitation, that I submit this brief report. Half a year "on-the-job training" is hardly enough to evaluate Union No. 53, its present status, its future, and its ever increasing school population.

Two areas of great concern are growth and financial assistance. Each district within the next decade will show rapid growth — in some instances, a doubling of present enrollment. We are at present studying every facet of space needs, double sessions and extended or year round schools. We must take a good hard look at all alternatives.

Although the number of teacher applicants have increased steadily in the last year, we must be selective in choosing the candidates that offer the best for our children.

Our education is fundamentally sound. The instructional program is ever improving, as the science and art of education develops. Instructional areas have been updated and show signs of continuity with our high school programs.

In closing, I would say that good education costs more money than poor, and that quality education costs the most. It is our intention to give you the best quality education possible for the amount of money spent. We can, however, always show improvement day by day. This is the basic philosophy we like to think is part of our educational belief.

Respectfully submitted,

DAVID R. CAWLEY
Assistant Superintendent

SCHOOL HEALTH REPORT

Epsom, N. H.

1970-1971

To the Superintendent:

The health program for the year 1970-1971 was carried out in the usual manner with an annual physical inspection of each student by the nurse. When defects were noted, the appropriate referral and follow-up were made.

The students again received the benefit of preventative dental care through classroom visits by a hygienist sponsored by the N. H. Bureau of Dental Public Health. One hundred and seventy-two children responded to the cleaning and fluoride clinic held in November.

The Heaf Test was offered to all school personnel. A total of twenty-three adults were tested. Eighty-seven children were immunized at a Rubella (German Measles) clinic in November. Thirty-one children were registered for school entry at the pre-school clinic in May. First-aid was administered to approximately 155 students, 15 home visits were made and 17 ill children were transported home by the nurse.

Students in grades 6-8 completed a Johnson and Johnson First Aid course. Throughout the year, weekly classroom visits on health education were made to levels 3 and 4.

In January informative programs on smoking and cancer were presented to the 4th, 5th and 7th, 8th grades. In the spring a representative from the Department of Drug Education spoke to the 7th and 8th grade students. Mrs. Marie Erickson from the Department of Communicable Disease Control presented an excellent program on Venereal Disease to the 7th and 8th grade

students. The entire school enjoyed the informative program on conservation by a representative from the Department of Interior.

The following visual aids were shown in conjunction with the health program for the year:

Filmstrips: smoking, accidental poisoning, first-aid

Films: dental health, first-aid, V.D., personal health
smoking, drug and alcohol abuse

I would like to express my thanks to the Superintendent, School Board Members, teachers and parents for their cooperation and support during the past year.

Sincerely,

CARLINE E. KALLGREN
School Nurse
